

Our project is called 'CREATION OF AN ACTIVE GROUP OF YOUNG PEOPLE THROUGH HORSE-RIDING AND ITS ACTIVITIES'. The objective of our project is creating an active group of young people mostly with fewer opportunities who gather regularly and share opinion and experience. We work through non-formal teaching, the sport of horse-riding and all activities around it.

The type of our project is Programme Countries and the duration of our projects is 10 months.

Main themes for our EVS Service are post conflict/post-disaster rehabilitation and education through sport and outdoor activities. Voluntary service will be for the benefit of the local community.

The activities for the volunteer will be team building for children and young people, taking part in organising educational programs for young people and children, office work, taking part in organization of the work camps, other various activities for community benefits and physical job and activities around the horses and organisation.
